Dear Potential Volunteer,

Thank you for your interest in volunteering at South Suburban Family Shelter (SSFS)! Volunteers at SSFS are dedicated to maintaining the high level of quality and services of the area's domestic violence agency. In its more than 35 years of existence, the volunteers have continued to adapt with SSFS, which is always on the move. Our volunteers accept the challenge of new services and projects designed to benefit victims and educate the community about domestic and interpersonal dating violence.

To apply for our volunteer program, all potential volunteers must complete an application, attend a free initial orientation and participate in an interview screening process. The interview process is designed to assess your interests, strengths and life skills in order to match you to the most suitable and available volunteer projects within our organization. Once the application process is completed and you are accepted as a volunteer, you will sign up for projects and your volunteer career at SSFS will begin!

As a volunteer, you are helping to support South Suburban Family Shelter in our mission to provide caring and confidential services to families in which domestic violence exists. All volunteer activities are, in some way, related to client care. All of our services are free of charge for victims which is why no matter what type of volunteer service you provide, your efforts help support the overall organization.

Please review and complete the Volunteer Application. Once completed please email or call me once so that we can schedule an interview and orientation. Application can be brought with you for the interview. If you have any questions, or are in need of additional information, please do not hesitate to contact me.

Thank you for your interest in South Suburban Family Shelter and caring enough to volunteer!

Sincerely,

Brittany Williams
Events and Volunteer Manager
