

# Wish List

South Suburban Family Shelter was successfully incorporated on July 21, 1980, and became a non-profit with a mission to serve those affected by domestic violence. Close to 40 years later, SSFS now services over 1900 victims of domestic violence yearly.

All of our services are free for victims of domestic violence. We accept cash, check, or credit card donations to help fund day-to-day operations, allowing us to be a free service for victims. Additionally, the following wish list of items are constant needs that donors may provide. **All items must be new and unopened.**

*All donations are tax-deductible as allowed by law.*
